 (+63) 976 360 0795

 jan.lawrence.madali@gmail.com

Web Developer with 1 year of experience in designing and developing website, testing, debugging. Proven ability in optimizing web functionalities that improve data retrieval and workflow efficiencies.

## PROFESSIONAL EXPERIENCE

**Digma Web Solutions**  
Junior Web Developer

**Quezon City, Metro Manila**  
*Sept. 2023 – Dec. 2023*

- Maintained and updated an existing multi-level marketing system using Angular and Tailwind CSS as front-end and Laravel (PHP framework) as back-end.
- Updated themes based on the business color of the clients.
- Refactored and maintained systems logic on the back-end.
- Worked on a team to develop a new mobile application using Angular Ionic and Android Studio.
- Collaborated with senior programmers to identify and fix bugs in the system.
- Participated in daily stand-up meetings to discuss progress and roadblocks.

**Mnk Soft. Corporation**  
Junior Programmer

**Pasig, Metro Manila**  
*Sept. 2022 – Jun. 2023*

- Developed and tested code for web applications using Angular, HTML, Tailwind CSS, and Node.js
- Collaborated with other developers in a team environment to develop complex systems
- Optimized application performance by writing efficient algorithms and refactoring code
- Integrated third-party API into existing software applications
- Built reusable components that can be used across projects
- Maintained version control by committing changes regularly to Git repositories
